INQUIRY I: REPRESSED RAGE & BETRAYAL CATALYSIS

[VERBATIM CLINICAL TRANSCRIPT]

> *"When people make false accusations against my integrity despite my loyal dedication, an intense internal fire of indignation is ignited."*

• Clinical Biomarker: Sympathetic surge suppressed via stoic intellectualization.

INQUIRY II: STOIC DEFENSIVE ARMOR & VULNERABILITY SUPPRESSION

[VERBATIM CLINICAL TRANSCRIPT]

> *"Ever since childhood, I have maintained an impenetrable, stoic persona so that no vulnerability can be perceived or exploited."*

• Clinical Biomarker: Chronic baseline hyper-vigilance manifesting as sub-occipital cranial tension.

FOLIO III • 4-PILLAR REHABILITATION & NEURO-SOMATICS

CLINICALLY VERIFIED
THERAPEUTIC REGIMEN

PILLAR I: NEURO-SOMATIC DOWN-REGULATION

Cyclic physiological sighing (double inhale + extended 8-sec exhale) to stimulate vagal brake and down-regulate sympathetic hyperarousal.

PILLAR II: COGNITIVE FLEXIBILITY RETRAINING

Dismantle binary black-and-white attribution traps using Socratic cognitive reframing and daily cognitive defusion exercises.

PILLAR III: CHRONO-BIOLOGICAL ENTRAINMENT

10,000 lux natural sunlight within 30 min of waking; strict blue-light curfew after 21:00 to restore restorative Stage 3 SWS delta power.

PILLAR IV: INTELLECTUAL HYGIENE & DOPAMINE

Enforce daily 90-minute deep-work cognitive sprints punctuated by non-digital sensory reset periods to prevent executive burnout.

✦ THERAPEUTIC NEURO-SOMATIC MUDRAS (BIO-ELECTRIC INTEGRATION)

GYAN MUDRA

Vagus Nerve Grounding

Thumb and index fingertip contact. Calms involuntary eye tremor and stabilizes neural alpha rhythms.

PRANA MUDRA

Vital Energy Restoration

Thumb tip touches ring and little fingertips. Alleviates somatization fatigue and sharpens optical focus.

HAKINI MUDRA

Hemispheric Coherence

All ten fingertips touch lightly together. Optimizes interhemispheric transfer for high-IQ working memory.

🎼 SOLFEGGIO NEURO-ACOUSTIC RESONANCE

- **528 Hz (Transformation / Reset)**: Cellular recovery.
- **432 Hz (Cellular Harmony)**: Heart rate variability balance.
- 396 Hz (Liberation): Dissolution of subconscious guilt.

🎶 CLASSICAL INDIAN RAAG PRESCRIPTIONS

- **Raag Darbari Kanada (Night)**: Heavy somatic tranquility.
- **Raag Bageshri (Evening)**: Cathartic emotional release.
- **Raag Ahir Bhairav (Dawn)**: Restores morning diurnal cortisol.
